References

-Claire Freeman. Head of Post Production. Claire.freeman@channel5.com

Emmett worked for 5Productions for three years and was a crucial member of the sound team. His roles included dubbing, recording VO, track-laying, live mixing and location recording. Emmett was fully competent in using Pro Tools, handling productions of all sizes and finishing and delivering mixes to the specific requirements of the channels (Channel 5, MTV, Spike and 5USA). He is a friendly and reliable worker and is able to communicate well with producers and editors. I cannot recommend him highly enough.

-Andra Heritage. Executive Producer. Andra.heritage@blinkfilmsuk.com

Emmett is fantastic to work with. He's highly creative, really cares about the end product and always brings something extra to the mix.

Key Skills
